THE MAGAZINE WITH THE WIDE HORIZON FOR U.F.O. STUDENTS AND GROUPS

## EDITORIAL.

The great amount of correspondence flowing in from all parts of the world indicate the great appreciation with which this little magazine and the humble efforts of its Editor has been recieved, for from every corner have come letters and comments on the articles and expressions of appreciation of its pages. in fact so many have written views etc. that it will be impossible to print them all. and much will have to be abbreviated .

Of course there is sime repitition in some cases where one reader expresses almost identical thoughts of another , but these all help to formulate the comprehensive whole, for they reveal a pattern of confirmation of ideas and thoughts all over the world. one thought finding a re-echo in anothers mind. Actually the only place where no real indication of appreciation has been shown . is locally. but this only fulfills a very old adage, " A prophet hath no honour in his own country " Well maybe as Australia is so large we must not be too general in that for All the other S\*ates have shown much appreciation , and many new readers have made their subscriptions to it. from these sources.

One thing which has stood out in the matter which has come to hand , is the reaction to Geo. Adamski's last book. " Flying Saucer Farewell". as has also the general reviewing of many peoples consideration and estimation of the man himself and his work, and claims.

The Editor has read his book with great interest and evaluated it. for himself. and actually could write pages on it as a review. for so much of it. is very far from the truth. especially inrelation to his account of things as they were when he visited Australia. and if he distorts them. how are we to know if in other parts of his articles on his world tour he has not distorted them to suit his own ideas.

It is very obvious to anyone who has been in close contact with this man that the book was never written by him or that many of the things which are made to read as his statements. were his. "whoever"ghost wrote"the book did a good job. but the manguage is not that of the same man who visited Australia. So many of his statements are quite confusing when placed beside others he made on earlier occasions either in his books, or by correspondence with folk and now held by them as evidence. or recorded interviews with him on tape. etc. a careful analysis of these cause one to come up with a jolt. as to just how much he has changed his ideas. and views over the past years.

It came as no shock to the Editor to find this for from the first moment of G.As arrival here in Adelaide at least, it was undeniably obvious that this man was not expounding the same ' doctrine' as he had done since he first hit the limelight. in fact One could hardly recognise many of his actions and s statements as especily the theme of his public and private talks as one and the same . It was the conclusion of a host of people that "George had changed"

## 2 "PANORAMA "

somehow, in fact to put it into the words of many. " They thought he had sold out to the Top Brass, or had been got at to change his story " and attitude Unfortunately no one will ever know the truth. as to what made him change but. he lost a host of supporters by his visit here. despite the great enthusiasm. with which he was recieved.

It would be thought perhaps by reading the above that the Editor has turned from a supporter of G.A. to an anti Adamski fan . and he speedily hastens to assure his readers that this is most definately NOT the case.

He insists as he has always done , that the failure of so many has been the great adulation and faith put in this very human and mortal man. and that it is his message we should give ear to, rather than place him on a pedestal and almost hang upon his words as infallible.

The Editor STILL ACCEPTS THE INCIDENT OF THE VISIT OF THE VENUSIAN AS REAL and many other things which G.A. writes about in his first two books. however it is his opinion that somehow after then Geo. changed. How and Why? we can only guess at . but knowing from personal experience the subtle means of the Negative powers in control today. and the most deceptive ways and means they use. to sidetrack any one who may stand in their way . He feels that this could be the answer. and like many humans before him chosen to do a great work the. public acclaim and adulation was too much for them and they succumbed to the 'flowers strewn in the way and the brass bands'.

One thing which has struck the Editor as very indicative of the trend of this case. is the giving over of all his affairs into the hands of the man known as Honey. All over the world Geo. built up a large organisation to handle his affairs in his Get Acquainted Programmes. ( and here a very enlightening story could be told ) yet since he has retired from Palomar Gardens the whole of the literature is not G.As but Honeys and the obvious thoughts and ideas are his. as is the control and management of the whole business. We could ask many very pertinent questions about this whole G.A. Programme but we leave it for others to dig up. and smear themselves with it.

One staggering revelation from his last book was the fact that Geo still had a wife living . from impressions and statements made here we thought she was dead many years ago. maybe we got the wrong impression we, must have also. his associations with certain individuals here gave us an entirely different impression. for we are still all asking many questions about this. A few snap shots taken here still get passed around and we still can't answer the number one question of his Australian tour. Many have been the attempts to solve it. but none have come up with an answer which really fits the whole pattern.

Lastly Geo. or his Ghost writer, attacks loudly and long on the Psychics etc and whilst we ourselves cannot support many of the things done by this section nor do we accept many of its leaders as reliable. Yet we demand that an open minded investigation must be made of these claims . If proved hoaxes and unworthy, then declare them as such. but DO NOT CLASS ALL AS SUCH.

Geo himself is a mystic. and was more so before he had the desert experience The greatest danger in reading his book is that one gets the impression that Telepathic communication is unreliable. and we dont mean mediumistic or trance reception. How can Geo. refuse to delineate. and state clearly the difference? or does one have to pay a fiver or so for lessons on it from him ? to know

### " PANORAMA " 3

the answers? We have ample proof here in Australia of telepathic communication from space. with directions and time and date prior , given to an appointment with a space ship. This is taperecorded with the witnesses each giving their testimony ON TH SPOT . as it happened. each of the FIVE witnesses being highly reliable people and NONE WERE MEDIUMS OR TRANCE FOLK. NOR WAS IT RECIVED IN SUCH A WAY . In fact it came as a slight shock to the recipient. and his partner who was present at the time.

Let us clear the air a little of the confusion fo the physic evidence in an honest investigation , but don't let ourselves be beguiled by a man who is obviously biased in his views on the subject or who has an axe to grind. Let us clear away the dross around the subject and dig for the diamonds underneath, and for goodness sake lets stop making Adamski an infallible guide. Maybe the title of his last book was more apt than it appears. May be the Spacemen have said Farewell to him because he failed in his mission as so many other chosen prophets have done when they have succumbed to personal aggrandisement or success and the resultant cash benefits. Or maybe the Silence boys got too strong for George and he fell into a trap from which he could not extricate himself.

So much more could be said. but perhaps some may think too much has been said already. but at least we have been open and said what we feel should have been said. and leave it with you the reader to condemn us for daring to have th British liberty to express our opinions which are based on actual facts and experiences and not falsehoods or with an ulterior motive.

\*\*\*\*\*

In view of the above comments we would like to draw attention of our readers to a very capable write up on Adamski in the latest edition of the Newsletter published by Fred an Phyllis Dickinson of 33 Dee St Timaru N.Z. who are the leaders of the Scientific Approach to Cosmic Understanding. This excellent group was previously a Southern Branch of George Adamski's Get Acquainted programme and headed by Hank Hinfelaar. of Henderson N.Z. who are openly so proAdamski that they couldn't allow the Southern Branch to question or think for themselves on questions and answers made by Adamski. Hence the Southern Group like all true Investigators and research workers had to breakaway because they insisted on the right to deny the infallibility of G.A. The Latest issue of the Northern Adamski followers have at last come out quite in the open and stated that they are RUN ??? by Adamski for the purpose of disseminating his views etc and statements and replies hence they are BOUND to him and CANNOT speak for themselves or it seems to the Editor whilst so bound THINK for themselves either. He is the boss so they must obey. But here is the fly in the ointment the open letters ad matter now put out by them is NOT what Adamski is saying in fact their last edition contained ALL what Honey had to say and his supposed scientific approach to poltergeists.(This is a REAL HONEY ) . To return to the Southern Group this Newsletter is so full of valuable data re the claims of Adamski that we fain would have printed wholly but space forbade us this . WE DO HOWEVER RECOMMEND THAT YOU OUR READERS CONTACT THIS VERY FINE GROUP AND ASK FOR A COPY. WE WOULD SUGGEST YOU SEND SMALL DONATION. We must again congratulate the Southern Group in their courageous stand and wish them the best . They will not lack for evidence while they keep this open minded approach .

So much more could be said. but perhaps some may think too much has been said already. but at least we have been open and said what we feel should have

Dear Ufologists,

It is my humble and personal opinion that. in view of the below mentioned recent discoveries, events, developments and personal conclusions ufology is about to take another step... forward.

# 1. GRAVITY Vs. GROWTH.

Einstein affirmed that certain processes must take much more time on the sun than similar processes on earth, because the gravitational pull there is so much greater than here. For instance, a given atom on the sun would emit light at a lower frequency than it would here on earth . I presume that this theory includes other electromagnetic activities. Now, living individuals , especially members of a complex species like man, are now known to depend on various magnetic and electrical forms of energy .

Therefore , if there are extraterrestrial organisms, we should expect them to vary from those here, and proportionally to the G-s which constantly tug at all material substances in their environment. I submit furthermore that the two below- mentioned teams of scientists, proved, and perhaps without realizing it, that another branch of the Einsteinian theory is a reality.

Dr. L.D. Steel of St. Bartholomew's Hospital Medical College , London, as reported recently in various scientific reviews, and Dr. Charles C. Wunder with his co-workers of the State University of Iowa, discovered amazing facts with respect to gravity and its effects on the RATE of growth of various animals; on their eventual SIZE ; and on the rate of consumption of OXYGEN . Briefly, these experimental animals which were tugged at by the stronger gravitational field in comparison to the animals in the control group; 1. grew at a slower rate; 2. were smaller when mature; 3. consumed more oxygen ; 4. and the latter reaction increased WITH TEMPERATURE ; 5. The effects of gravity on growth depend on the initial size of the organisms.

From these stupendous discoveries, I would like to draw the following conclusions, which, as far as I could find out, have not been drawn yet .

1. The 'little men' although unbelievably fantastic to US, are most probably REAL and just normal, considering their own gravitational field ( natural or artificial ).

2. They come, not from 'little planets' like Mars, but big and heavy ones like Jupiter, or from small but dense ones such as may exist outside our solar system .

3. The planets and the moons, which , according to IUR standards, don't have enough oxygen in their atmosphere to support life, may be just right for the hypothetical living creatures there, considering their low gravity and, or low temperature .

4. Some of the ' little men', as a few ufologists postulate, may hail from caverns deep in the earth, where both temperature and gravity are high, particularly under the ocean and/ or under an oil well, since the respective specific gravities of water and oil are low relatively to that of rock. Terrestrial gravity would be increased centerward, if these creatures lived under many high caverns, which, obviously would have very low counter gravitational pull. Furthermore, since the effects of the gravitational field

on the growth of a given organism seem to depend on the initial size of the of the latter, these hypothetical humanoids would tend to keep their youngsters down there until they are mature enough to withstand the " impossible conditions " on the surface where the Adamites 'live ' .

5. Finally, since the rate of growth varies INVERSELY with the strength of the gravitational field , youthful-looking ufonauts who claim they are one thousand years old or more, are not necessarily fictitious characters. Indeed, if there are organisms living in a strong gravitational field, not only they may, but the MUST have a long life span, if Einsteins above mentioned specific theory is correct. So far, many facets of this great scholars theory of relativity have been proven experimentally to fit perfectly in the realities of God's material universes . Who will dare question this one, which states relation between the rate of fundamental processes and the force of Gravity.

#### 11. BACTERIA VS RADIOACTIVITY.

Dr. A.W. Anderson, at Oregon State University, Corvallis. Oregon . found that white mice injected with the solution prepared from the bacterium Microccus radio-durans, survive doses of 800 roentgens. Fatal dosage for mice ~~ch~~ man is 650.

The pundits who know it all, and claim that life on the Moon and on certain other astral bodies is impossible because of high radiation, will perhaps have to erase the 'fact ' out of their text books. That goes for those who claim that it is ridiculous to believe in ufo's, because the ufonauts could not survive so much radiation .

Finally , since radioactivity is one of the agents that age us, the above mentioned extract, which I would like to christen ' radiodurantine', is perhaps the elixir sought for so long by the alchemists .

#### 111. BRIDGE ON THE MOON .

Every ufologist knows that july 29, 1953, at 6:30 U.Y., the late John J. O'Neil, saw on the Moon under three different magnifications a "twelve mile bridge " stretching in a perfectly straight line across a crater situated in Mare Crisium. Dr. H.P. Wilkins, Patrick Moore and other astronomers confirmed this famous sighting.

Then, why do the skeptics doubt?. They ask: 1. Why a bridge, and such a long one, on a dead Moon ?. How can you explain its fabulously rapid construction and dismantlement ?. 3. How do you account for the following discrepancies: a. Many astronomers who looked didn't see it. b. O'Neil said it was 12 miles long; but Wilkins reported it was 20 ?.

It occurred to me when I first read about this in Feb. 1961. that all these objections and others in the category can easily be dissolved as follows, O'Neil saw a huge cigar-shaped Mother ship... a metrofu.; and later Wilkins saw two of them end to end. That explains his " bridge tapering in the middle" also the "tunnels" seen near the 'bridge'; the "convexridges" along the bottom of certain lunar rills described by the famous selenographers.

Yours ufologically

Rev Guy. J. Cyr, S.M.

The Editor read with interest the views of the Rev . Cyr. and is indeed grateful for his permission to publish them . whilst in the main he accepts most of the thesis presented. he feels he cannot fully accept the theory based on the findings of science in regards to what conditions exist on other planets and thus the possibility of life on such . for the whole theory and text books of such are based on what the spectroscope has revealed as to the various gases existing there.

The Editor has for many years denied that our scientists can truthfully state without coorection . that the spectroscope is a reliable instrument to guage such. as as he has insisted, until man has FULL knowledge of what conditions exist between earths atmosphere and the planet under observation NO ONE can accurately say WHAT effect that unknown condition we will call "X" would have of the spectroscope. it could well be that such unknown conditions could cause the spectroscope to register the very reverse as has already been proven by our " flea bites " of satellites which have gone up and made observation of earth , for according to one such test at least it revealed according to its instruments that earth did not have any oxygen around it . if this is so in one case why not in reverse?---

The Van Allen radiation belt has also caused these some diehard scientists to have to reverse a d erase from their 'infallible' text books many theories hence thought indisputable. and remember we have not touched the fringe yet of this vast area " X " existing between us and the other planets The true scientists keeps a very open mind and especially in todays enormous strides toward knowledge of the heavens. any scientists who claims to say what DOES exist there is an arrogant fool in the eyes and opinion of the Editor. When Man has reached the moon and registered with his puny instruments what exists between us and that satellite, then may be we will be able to say what exists that far . but who knows that as man goes further beyond even, other unexpected conditions will arise which will turn completely up side down all known theories.

Hence life on other planets CANNOT be assessed correctly until a complete knowledge of these unknown factors are determined. and cert\*inly not by the now antiquated method of spectroscopic analysis.

Let us be honest with ourselves . . We cannot assess what life exists there . nor assess the conditions which go to make. a d keep life existing until we KNOW the answe\*re to the above. and somehow I think many are in for some rude shocks. and the humble researchers opinion may HAVE to be accepted as right.

On the other hand it would be foolish indeed to suppose that all such other planetary people are exactly the same as us. for earths has so many varieties of size , colour, and stature. and of mental development. that it would be hard for anyone to say that one is exactly like the oether. hence on these other places of God's creation there too could be a great variety of people. so that it would be unwise to say that according to the gases or radiation on this ar that planet life is small. or large. for although we have a relative sameness of oxygen etc. here on earth this does not cause us to be all the same. the answer to our variation lies in a much wider field than mere atmosphere conditions. as we all know. so let us get a sensible idea of approach and remember that as in this world so there could be in the other " many mansions" of our Fathers House.

AMERICAN A. BLAST 200 miles HIGH.

=====

News item. July 10th 1962.

The United States today set off a giant nuclear balst about 200 miles above Johnston Island. momentarily turning the mid-Pacific night into high-noon.

( Emphasis ours )

The following morning the Editor recieved a note from one our readers who ahd recieved only the day before a copy of our last Edition of Panorama. in which reference was made to the LIGHT in the sky which Lucia of Fatima said would be a sign of the fulfilment of her prophecies. here is what our reader said.

Dear Editor,

I am glad you got your magazine " Panorama" out before tonight when it was being stated over the radio and T.V. about the awa insoiring light seen from aircraft etc. and which many people on land and sea also. observed at the time of the regretful event of the H bomb blast by the U.S.A.

Is this the 'light ' foretold by Lucia ?. It does seem significant , the feat alone , of such a thing being done by any nation is sufficient to cause a lot of trouble as to the rights of such one nation to set aprecedent of such a dangerous practice . Also on the news tonight a man told how he had measured the effect of blast upon the earth's magnetic field. Tahnk you forPanorama it is good to read .

Ypurs

M. L.

=====

In reference to the above. the Editor was indeed pleased to hear this readers views as it was a complete new angle to him , Previously he had always thought of this " light " as being some celestial body, such as a huge comet approaching earth. or some new star to be observed . but as the word 'light' conveys more or less something more than such celestial body. it could well be that the light is not some such celestial phenomenon , but a man made "light" which would cause the fulfillment of ~~prophecy~~ to which Lucia referred to, however there is one weak point in this so far as known . it appears that LUCIA would see this " light" and it would be to HER a sign that the fulfilment was to take place. However as yet none can tell what repercussions are yet to occur as a result of this infringement of ~~man's~~ rights, by one nation daring to be so arrogant as to act as she pleases without the consent of the world around her. especially as no scientist can fully and truthfully say what the outcome of all these TESTS will be. We thought it worth consideration however and so have passed on to you our other readers the thoughts of this very good subscriber . Thank You . ML.

\*\*\*\*\* SEE SIGHTING PAGE FOR THIS.

Letters are pouring in since this Blast. from many who saw it from many miles away. but the best is from our good friend and Brother " ALAMAR" of New Zealand. who gives an account of a UFO sighting down in Antartica which was reported from Official sources . but the interesting part is It Occurred excatly the same time as the blast nad was headed for that area

\*\*\*\*\*  
\* THE CONAN DOYLE PROPHECIES. \*  
\*\*\*\*\*

Miss Adela Ware of North Carolina writes. in regard to the above subject which we wrote up in the first edition of Panorama then called a Special Edition of the Australian Saucer Record. and now due to its popularity we have begun regular editions known as Panorama.

In America, we have voluminous amount of evidence of literature corroborating the Conan Doyle Prophecy of A.S.R. Special Edition. , Some of the high lights are as follows : I gather from all of these prophecies that we will have a great number of earthquakes and tidal waves in many parts of the world. making it well nigh impossible to carry on a war, such as the Battle of Armageddon. This should prevent the destruction of all animal life and Human LIFE on the planet and keep all vegetation from total destruction .

After the planet has wobbled on its axis for a time , there will be seen coming to the earth a large COMET , said to be eleven times THE SIZE OF THE EARTH The planet ( we presume Miss Ware means the earth ) will pass through the tail of this comet , the force of which will cause the wobbling axis to FLOP OVER SIDEWAYS? sending the water of the oceans farther inland than any flood in the memory of man . Math. 24:37 " But as the days of Noah were, so shall the coming of the Son of Man be " The thing that characterized the days of Noah is a great flood.

We thank Miss Ware for her contribution . indeed. adding further knowledge to the prophets . However we feel sure many of our readers may not agree with her but this is an open paper for all to express their views. When I read the above account out to a friend . He immediately quoted the Bible and said that God said there would never be another flood like that again. actually The flood of Noah's day was caused by the last belt of ice forming gas which surrounded the earth in layers and up to the flood prevented the solar rays of the sun penetrating through and making life on earth a veritable. tropical Paradise . and was one of the reasons for the longevity of man , for it will be noticed from that on, the life span of man began to diminish . I have covered this in my Book ( yet unpublished) The message of the Saucers.

This breaking up of the last band . was caused by such a comet as described above. so that such an effect would not be quite as drastic as the flood of Antideluvian times. but it could cause great devastation .

Personally I cannot agree that Armageddon will be stopped because of this but it may have a part to play in the means God has of finishing this terrible holocaust. On the other hand Jesus gave us very clear indication as to what He meant in reference to the likening of the days to that of Noah. It was the moral degradation of the people etc. we suggest the Chapter be read in its full context . however this is not to say that too . great devastation will not happen for one must compare this chapter with others of the bible which refer to these days and in them one finds such devastation spoken of.

so that considering all round the above must not be taken to lightly and in view of Nuclear fission madness in the words of many scientists " ANYTHING CAN HAPPEN. " . and we add the words of the Master . "Men's hearts failing them for fear . for the things which are come upon the earth".  
" Unless those days shall be shortened . no flesh on earth shall be saved.

" PANORAMA " PAGE.  
SOME THOUGHT PROVOKING STATEMENTS OF  
GEORGE ADAMSKI.

TAKEN FROM HIS "COSMIC SCIENCE LETTERS OF MARCH  
AND APRIL.

MARCH. 1962. (Excerpt )

" Information has now come forth that co-incides with the information I passed on from the " Brothers" over five years ago. In the January issue of " Esquire" magazine, you will find a complete map of the only safe places in the world in case of nuclear war or heavy fall out. Only nine exist in the entire world.

One of the locations is the Guandalajara territory where I have planned on locating for five years. Most of my friends will remember me mentioning this area as far back as 1956. Now we have some official proof and you no longer have to take my word for it.

According to the article , 1962 is the start of the danger period. If further testing is done, and this now seems inevitable, (Since this letter was written large scale tests have been made as we all know . Editor.) the radiation danger will increase until only nine areas of the world will be safe to live and some of these will be less than perfect . In some of these areas it " may take courage to have children ".

What will happen if we resume testing in the atmosphere? ( and we have ) Russia will start also. Then France, then Britain, Red China and others will soon follow. This will be the beginning of the end.

Eureka , California is mentioned as the only safe place in the United States and Canada, and it is not very good at that. Fall-out, while less there than any other place in the U.S., is still heavy enough to cause concern to those having children. As the article states in regard to Eureka, California and Cork, Ireland, in regard to survivors, "Neither are likely to inherit what is left of the earth".

I have just returned from Mexico where I spent the holidays. I looked at several places in the Guadalajara area that would lend themselves nicely to the continuation of the " Brothers" work . One area in particular is very beautiful with plenty of room for expansion and everything the human heart could desire.

True, it will take capital to handle it, but I believe this will be solved in some way also. As soon as it is. I will be moving there; not because I am a coward, but because after it is all over, the people left will need our help. This is the " Brothers" programme.

Reprinted from C.A. Honeys Newsletter of March)

Comments. Ed. These statements were made after G.A. ? in the previous part of the letter had ridiculed another contactee. obviously Dan Fry. for starting a similar project at Merlin USA. according to G.A. like everyone else but him, they are all wrong. remember folk he states above it is THE BROTHERS programme. and if he should be wrong in his selection and the money obviously hinted at to finance it. will undoubtedly come in from his " fans" and worshippers. well he can always say " THEY" said it. Surely G.A. does not expect us to believe that he is the only one being guided these days of peril and after all. for a man who has no firm foundation of Biblical study. one can hardly expect him to have Faith in God to deliver his people in a "time of trouble, such as was never before, on the earth, when mens hearts will fail them for fear. " The Editors advice is not to overlook the dangers

" PANORAMA " PAGE 10

of these great and terrible times. but also not to be too gullible and place ones confidence TOO much in man, and one man at that. Salvation of mankind is NOT given into the hands of George Adamski who asks and will get the money to flee to the desert places. etc. but the deliverance of man from the holocaust to come will be from GOD and in His appointed way We have been told too such dangers will come. but that a way will be made out from it for those who TRUST THEIR GOD. not G.A. and History is full of evidence how GOD IS CAPABLE OF DELIVERING HIS PEOPLE EVEN IF NECESSARY TO BRING COSMIC FORCES INTO PLAY. IF YOU NEED REASSURANCE OF THIS STOP LISTENING TO THE SELLERS OF SAFE PLACES, AND READ YOUR BIBLE AGAIN, OR IF THAT IS TOO MUCH TROUBLE, GO AND SEE A SCREENING OF "THE TEN COMMANDMENTS" As for the Editor. He has stated emphatically and wishes to restate it GOD WILL SHOW US A WAY OUT WHAT TO DO HOW TO DO IT. AND MORE WHEN undoubtedly He will use human instruments to act as leaders, and DIVINE guidance will be given them for it. But as in the case of the Exodus. the leader did not have to go before and find and plan a place of refuge. HE AND HIS PEOPLE WERE LED THERE AND PROTECTED ALL THE WAY THEY WENT. AGAINST ALL SORTS OF ODDS. PHYSICAL. AND SPIRITUAL. AND CELESTIAL FORCES WERE BROUGHT INTO PLAY TO SAVE THEM. IS GOD DEAD THAT HE CANNOT DO IT AGAIN. ?? IS THE LORDS ARM SHORTENED THAT IT CANNOT SAVE?? I do not know where you place your trust dear readers but as for me MINE IS IN THE HANDS OF THE LIVING GOD. NOT G A. AND HIS SAFE PLACES SCHEMES. Which will no doubt cost a few millions dollars before it is completed. ( That is if it does. and time lasts long enough for him.)

To further my views. and comments I have placed an article from the latest edition of "ORBIT" the very worthy magazine of our Tynside co-workers in England. and whose journal we recommend to you. the article is by AD-ALTA. and follows these excerpts. READ IT : IT WILL DO YOU GOOD Excerpt from APRIL C.S.N. by G.A.

after a great deal to say about the Silence Group. and how everyone ( except George) is falling into its power and being mislead. (Remember how infallible he is?????) He then tells of the objects and particles that Glen saw when in orbit, were none other than " scanning disks " to watch and protect Glen . he then says. " Many have asked if the recent conjunction had anything to do with the unusual weather we have had., Yes, it did and more is to come. These weather changes will be a part of a natural cycle into which the earth is moving. During this time the human mind will be unstable and could hurt itself unless governed by the individual . A lot of unpleasant things will take place in the next eight years and one will have to have tremendous understanding not to be effected.

As the human mind is very tricky and lacks knowledge in so many things, it will be easy for it to get trapped in a number of ways . At times it will have the tendency to deny the Supreme Intelligence and go on a rampage of its own. It will challenge Cosmic Intelligence to the point of self-annihilation. If ever the human mind is to be tested , these are the days. We are now living in the days of "Babylon" where the personality will exalt itself only to fall and be no more, However the Cosmic Intelligence will continue on through eternity. Like Jesus said, The tree that bears no fruit is cast into the fire and consumed Yes, this is the time when

2" PANORAMA ". PAGE 11

Human souls are being tested for their. loyalty. It will be either to Cosmic Intelligence or human ego. . most I am afraid , will be consumed by the fire befcreit is all over with.

I will have more on this and what the future holds for man when I return from my proposed journey. I can assure you of one thing. I will never betray the Cosmic Plan , nor the " Brothers" , for self pleasure. Life on earth is but a moment in the span of Eternity. ".

( Repritnted fromthe Cosmic Science Newsletter of April issued by G.A. Honey.)

Comments. Well in most we can hardly deny anything that G:A. says here except that we prefer to refer to the now fashionable way of calling Cosmic Intelligence by the real good old fashoined name of GOD,somewhat we feel that the man on the street will understand us better than if we use these high falluting terms just to be " Scientific" as some "Pose" to be. Further it is all very well to cast stones at the poor general folk of the world as loyalty to " Cosmic Intelligence" or human ego some how methinks one shouldn't live in glass houses . if they want to throw stones of that kind. and as for betraying the " Brothers" for self pleasure, well memories of personal observations. makes one say. the least said the better .

Again we say. " lets stop placing G.A. on a pedestal, and drinking in his words as some infallible guide. let us be very practical and realise before it is too late .that G.A. is a very human man and no different from thousands of us. he was given a task to do , and was chosen for it as so many others from poor circumstances. but that does not make him as THE ONLY SERVANT OF GOD. to be heeded. or that ALL that he says is FROM GOD. LET US BEWARE WE DO NOT THINK TOO MUCH OF THE SERVANT MORE THAN THE MASTER WHO GAVE HIM A TASK TO DO. and remember not all of God'sservants came through unscathed from human taint and fault. Think of Jonah. Balaam and plenty others. and even Peter . who was so near to the Master. if they could falter and make mistakes and fall to human ego and pride. how much more so could it happen in this so complicated world in which we live today. ....

It is becoming more apparrant as the years go by and we are able to assess the " pros and cons" of this phenomena, that the main purpose of these visitations from space is simply that of preparing us for some tremendous event, or series of eventsto come, and in the none too distant future. The very nature of the phenomenon, which involves " mat and demat" or states of matter, and changes in the nature of matter, hitherto unknown to the present inhabitants of this planet, reveals that these coming events are of cosmic proportions . Not only is this physical world- this globe spinning around in space in prbit round the sun - involved, but the entire solar sys-

man is affected, with repercussions throughout the cosmos, by such changes in the nature of matter as we have seen demonstrated before our eyes.

Although little will be said in this article about "flying Saucers", contacts with "space beings", and so on, the subject matter should be of interest to all students of the UFO because of the type of phenomena must be "reconciled" to all the other phenomena with which we are already familiar. (and hence called normal). It is simply a matter of "enlarging our horizons", or of learning more about this wonderful universe wherein we live and have our being. Our modern physicists are discovering more and more about the electrons, neutrons, protons, and so forth, which constitute matter and we are led to believe, rapidly entering into the regions of thought known as metaphysical- leaving behind the physical, as it were. It is becoming increasingly obvious in other words, that the problem of understanding the nature of the universe and of "flying saucers", is psychological. It is all a question of "states of mind" rather than "states of matter". Could it be that "matter" is the "stuff of the mind" - an idea that man has been toying with for a long time.?

It is suggested therefore that the coming of the saucers reveals an unfolding Divine purpose, and that this PURPOSE is of greater importance than the phenomena itself. and, moreover, that it is with this PURPOSE that we should be concerned, and not merely the UFO.

Reference was made in a recent ORBIT article "The UFO to THE Real Gospel of THE SON OF GOD", which, it was pointed out, predigests Christendom and "The Gospel" attributed to our Lord Jesus Christ, but which is only partial, and the outcome of what is called "an unbalanced emanation upon the Tree of Life". The Real Gospel of the Son of God concerns a new incarnation of deity. beginning in the marked year of 1936 A.D. and referred to by our Lord Himself as HIS Second Coming.

This however, is not a theological treatise, although it must be pointed out that during the New Age now begun we are to witness the marriage of Science and Religion as the fundamental truths underlying life itself emerge. There is, nevertheless, a great lesson to be learned, or a Great Truth to assimilate, and it is the FACT that human knowledge, and life itself on this planet, is following a progression into oblivion. In terms psychological. this deathwards progression is called "the disintegration of personality" - a FACT continuously presented to each succeeding generation in turn. The Spiritualist who believes that "contacts with the dead" proves "survival of personality" simply has no knowledge of the Law at work upon "the dead", as upon the "living". The only personality which is destructable is called GOD. The divine end of personality, as known on earth, is to be identified with deity, or to be absorbed into deity. or to become a SON OF GOD.

The Gospel of the Ages, and the understanding thereof, is of the utmost importance to all mankind. including the UFO-ologist. The reason being that it is the expression of, and the revelation of, the LAW governing not only planetary existence, but all forms of life throughout space, physical, spiritual, and supernal, or cosmic. And this Law of Life (and of Death) can be seen at work all down history, and in the Laws of Nature and of Man. for it is embodied in the Laws of Moses given on Sinai thousands of years old, and which are the basis of our present Common Laws.

I AMODANA II      PAGE 1      10

now being changed, or slackened, in a manner consistent with modern trends towards the disregarding of and flouting of spiritual law in operation throughout the cosmos.

Indeed this growing disregard for the Spiritual Law ( or Cosmic Law) The Law of Life and Death- throughout the world, and the substitution of superficial political creeds or " gospels " by those who seem to have become oblivious to the FACT, that life must cease to exist, or to be destroyed by all manner of disease of mind and body, when this spiritual law is violated, ( all kinds of troubles and tribulations follow, as night follows day, when the Divine Law ( or Divine Will) is disregarded and flouted, not excluding awful natural calamities) is probably the main reason why divine intervention in the form of a New Revelation should come at this crucial time.

Such a Divine Revelation , and the modern trend towards destruction, must be matters of concern for all those interested in the UFO problem, because " space intelligence" has also warned us about our disregard of spiritual law and the dangers of atomic experimentation. Circumstances themselves are helping to drive home the extreme danger of atomic war .

Many voices - warning voices- have been raised, but let us quote one such voice- that of Wellesly Tudor Pole concerning the dangerous trend of human thought and actions in the world today, and the law of cause and effect. In his splendid book - " The Silent Road"- he says;- " It is alarming to reflect that our modern system of education is a large extent devised and carried out by men and women whose minds appear to be closed in this way" i.e. , " Closed" to the reality of, or to the existence of , spiritual law. He goes on to speak of the " scientific trend" consistent with this deplorable process at work in the world today. He says;- " Surely it is the fruit of intellectual pride that has resulted in men's gross and impertinent interference with the functional processes of Nature and with the cosmic rhythm of our planet, upon which so much depends."

Putting this question to a "learned and famous man", he is told: " We are playing with forces that are not yet under our control and so far we understand little about them. Some of us realise that we are in the process of releasing energies which may assume mastery over us. It is too late now to retrace our steps and to take another path. We must go on... ready to accept whatever consequences may follow." Now this is " a leading scientists in the realm of atomic research" speaking, and when asked "Whether he did not feel that the time had come to seek spiritual guidance in matters of such devastating importance to the human race", he replied with deep feeling, quote;- " For God's sake, show us how ".

This. then is the position today- an absolute fulfilment of scriptural prophecies given thousands of years ago. Another famous author- H.G. Wells-who towards the end of his life,said " The human mind is at the end of its tether", was, of course, speaking for the unaided or unenlightened human mind which lacks the inspiration or enlightenment so badly needed today . Let there be no mistake: The Real Gospel of Our Lord Jesus Christ is the only real hope for a stricken world . But the heartfelt cry of the atomic scientists, and of countless seeking souls in the world today has no satisfactory answer from an apostate Christendom, nor from any of the world's great religions. nor from any of the mystic schools.

There is only ONE satisfactory answer: The Real Gospel of the SON OF GOD. satisfies both heart and mind.

Waht, then, Is the Real Gospel of the SON OF GOD.?. It is the whole idea of Creation- The Divine IDEA which caused the worlds to be created in the beginnings- and which is revealed in ALL Holy Scriptures- old and new. Read the Holy Bible- The Sacred Writings of the Tetragrammaton . YHVH- and percive that it involves the establishment of a New World Order wherein MESSIAH is the Supreme Ruler ; wherein human thought has been directed into new channels ; wherein human nature is changed in its esse, Wherein human personality is identified with deity; wherein all human beings live in harmony within the perfect spiritual law of the cosmos; and wherein the Law of Death ( the disintegration of the personality ) is changed into the Law of Life. ( the intregation of personality ).

Now this Divine Idea moving all creation is begun to enter into the consciousness of mankind, and into the comprehension of "the quick" who find delight in this fullfilment of the Divine Will on Earth, as in Heaven. It is the realwork of the Messiah so to bring UNDERSTANDING of this Divine Idea unto mankind since the marked year of 1936 A.D. , as has been explained in His Second Advent. And to this divine end are all Holy Scriptures written namely, that in these " last Days" that " Son of Man" would arise , or incarnate , who in love AND UNDERSTANDING OF THE IDEA of Creation , would "slay the beast" , meaning the present psychological condition of mankind.

In a fusion of worlds- the four worlds mentioned from antiquity- or in The Marriage of Heaven and Earth, it would appear inevitable that the phenomena of " mat and demat" should occur. , and that subtle changes should begin to take place in human personality. as Malkuth is drawn upwards into Kether , The Divine personality is now able, since 1936 A.D. to manifest within human nature to a much greater degree than has been possible hitherto , or ever since the Cataclysm of Noah . when human nature became "earth-bound" and a long bloody era began upon the planet.

Perhaps the simplest way to make plain The Real Gospel of The SON OF GOD is to reveal that He is now re-incarnating in the British Isles- "The isles of the sea" north and west( from Palestine ) - as the Bible calls them . and that it is the desitny of Isreal-Britain to lead the way back to Health and Sanity- " not by power, but by MY SPIRIT", saith The LORD.

There will be many no doubt who will not be able to fully agree with the above writer and his remarkable article. but the Editor concurs with him and feels he has a timely message for mankind . hence the reprint. One thing however is an explanation of the " mat and demat". from the Editors point of view is that he considers this phenomena merely to be an operation of a divine law known to these very physical people from space which they call into operation exactly the same as Jesus did after His Resurrection. actually they are very physical. but have possession of the knowledge of higher laws , which we have lost over the years in out waywardness from Ccd and ALL of His Divine LAW .

THE BENDER? BOOK BY GRAY BARKER.

Some Interesting Facts.

\*\*\*\*\*

It is now some months since the promised release of the book which Gray Barker promised us would reveal all that led up and the cause of the great mystery which surrounded the Bender Case and its sudden closing by the so called "Three men in Black"

We understand that at last some folk have got a copy but here in Australia despite Barkers promise to release it in April and that leaders would get a posthaste copy sent for review. to date we have never seen one.

Frankly we did not have much confidence in the so called revelations, as we felt that those in the know knew enough already to determine what type of organisation lay behind the "Three men". and doubted very much that a "real" disclosure would be given.

Our suspicions were confirmed when Barker sent his copy of the supposed last editions of the magazine published by Bender. "Space Review" It contained only those sent out up to Oct. 1953. Vol 11. No. 4. These were already in our possession from our early files on the case. when we were in close touch with and were working with Edgar Jarrold on it.

But For some strange reason Barker DID NOT INCLUDE THE REAL LAST TWO OF BENDERS JOURNAL VOLS. 111. No 1 and 2. of February and April of 1954. For it is in these two copies the clues lay. and we would like to know very much, why he boasted so much of what he was going to release and failed to include those two last mags sent by Bender to us and all the other colleagues just prior to the closing. It was in these two copies he hinted of the winding up. and told all to send for their subs if they desired. a refund.

As we have not seen the book. we cannot say what that contains, but we hazarded a guess that, that too would not have the real facts. but some details which could be read with a double meaning and perhaps not even tell you what you wanted to know or what you had been promised.

Confirmation of this guess came from a letter received from a fellow co-worker in the U.S.A. who like the Editor was not expecting to get the real dope shelled out so easily. For like him He knew the odds would be too great and dangerous for such a disclosure. for one thing is certain. the powers that sent the three men are still very much at work and even stronger than then. and if they were determined to stop the truth being told then. it is more likely now than ever that they would do all in their power to muzzle anyone who came out with who they were and why they did it.

MY. U.S.A. co-worker says of this.

Now for the inside information about the Bender Book.

(1) Barker did not keep his word about when the book would be released. It was not released on April 15th as promised, and this explains why you have not got your copy. Barker promised to release the book to everyone at the same time. He has released the book in June and a friend of mine received a copy a few weeks ago. as yet I have not received mine.

If he mailed all the books out at the same time I would have got my copy by now. ( July 13) My friend discussed with me the contents of the book and it is what I suspected. Neither Barker nor Bender. are on the level. for the manuscript is full of holes as it is intended to be so. that people will lightly dismiss the whole thing as a hoax. The main reason for this is that the book version is not the real truth as it happened to Bender. in fact it is not the original manuscript as first submitted to Barker, who yielded under pressure to edit the manuscript, change things around, and in general make the whole thing look ridiculous. . The book was to be released in April, but Barker sent out a release saying the book would be delayed and wouldn't come out until May 15th. . He then lists all sorts of excuses . in which to stall off the public. None of which I believe were true.

THE REAL REASON FOR THE DELAY WAS THAT PARTS OF THE BOOK HAD TO BE RE WRITTEN as from the original manuscript. . to make what was otherwise a very frightening book , quite harmless. In fact about 80 changes were made in the manuscript according to . . . . . who should know for he and Barker are in close contact. It is the sort of thing I feared . I quote from .... letter of April 26th 1962. " as for Barker and Bender. I have a bit of a prediction for you. You will recall how accurate most of my predictions have been in the past . I predict that the Bender book will appear, finally in June or July, but that the book that the public sees will have little or no relation ship to the original manuscript that Bender write. You see, he was a rather person who like yourself wanted to reveal things about .....and so on. V..... But upon thinking the matter over carefully , he apparently decided to rewrite the book or atleast delete all objectionable parts. This is the real reason for the long delay in publication . though Barker in an article for me covers this up with a series of fantastic claims about persecutions.

Yes the book had to be carefully edited and re-written . and that took time. Meanwhile the people who had ordered advance copies of the book had become restless , and Barker had to say something to hold them off. Thus his fantastic article in S.N. which you will soon be reading "

" Bender says the space people from another solar system are the men in black who silenced him , and Adamski predicted he would do this. and I quote. Adamski's letter of April 2. 1962. " As far as Bender is concerned that does not mean anything either , He will probably blame it on the Space people" and Adamski's letter of April 17th 1962. " You asked who the silence group is. The silence group is the same outfit only grown in vast numbers. that were responsible for putting Jesus to the cross. after he drove them from the Temple. These money changers have their headquarters in Switzerland. They control all the business of the world . which includes all banks. their one fear is that once the free power by which the space crafts are operating is known and put into operation . their backbone will be broken for once and for all" end of quote G.A.

According to the Bender book . censored by the Silence group. the space people who are presented as evil, tell him there is no life after death . and no God. , information exactly the opposite of what Adamski learned. THIS IS WHERE BENDER'S MANUSCRIPT WAS CHANGED TO PROMOTE THE IDEAS OF THE SILENCE GROUP. AND SAY THE SPACE PEOPLE TOLD BENDER THIS.

My correspondent continues..

The book is a hoax , and it only serves the purpose of spreading confusion. The original manuscript would have been of some use to researchers. Bender says that the saucers have a base in Antartica. which is true. but then distorts information on the details and mentions inner earth people/ fact is mixed with fiction to have a wrecking effect on what otherwise was a true story .

Bender says that saucers are coming to earth to get some substance, no details given , out of the sea and ship it back to the home planet, which is vitally needed there .. Residue from the manufacture is the angel hair according to Bender.. This is false. He says he can now tell the story because the Solar system , where the saucers come from , is fast moving beyond the reach of earth with their space ships and that they are going to find another system with a planet to get this substance from the sea. Saucers started coming to earth according to Bender because this solar system ( as everything is moving in the Universe ) got within travelling distance of our solar system. In other words, saucers are leaving earth forever .. He doesn't name who he sent his theory to and that person turning it over to the space people ; in fact, many parts are quite vague and lack of detail. He claims that they didn't want publicized the location of their base on earth in 1953. and hence silenced him / Now that they are leaving earth, they don't care if he tells.

Well so much for the facts to light on the book. and the views of my co-worker who I am in total agreement. I am positive that Adamski has spoken the real truth . here. and that is the 'men in black' come very much from this earth and their organisation is very human although using all forms of power to enforce their wills and plans. even resorting to all forms of metaphysical science of the negative form known as black magic.

The sad part of it is that the book will lead so many astray, and delude into a false premise. for it has been very apparent to any serious worker of the U.F.O. after many years of work. that we are too fighting a great force of Silence . and to some of us has come the realization that it is the hugest thing man has ever conceived. in its ramifications. for there is no body on earth which has not and is not. in some form directly or indirectly been influenced by it. and thus in so far come under its power. and as far as the Editor is concerned there is no defence against it except a spiritual one. and that too can only be acquired after and with constant searching and practice of a daily form .

Actually to those who are REALLY interested in knowing who the silence men are and the three men in black. were. we would suggest that they get to the inner core of the problem , and forget the three men . they after all were but emissaries. the point is Who sent them? and what is the organisation that they originated from .?. To get the true answers . start asking this dynamic question. about not the live people who have been silenced but the Martyrs of the UFO. who lost their lives because they knew too much . Start digging into How Jessup died. What caused his Death?. What had happened to Allingham? Remembering he was last seen in Switzerland. and others we could name who are no longer with us. They KNEW TOO MUCH ALSO. GRAY BARKER

WHY NOT WRITE A BOOK ON THE MARTYRS. AND HOW THEY 'PASSED ON' AND WHY. THAT IS IF YOU DARE. we know this will never be told. Benders book alone is complete proof that even those who take a chance in releasing the true details, at the crucial moment cry "chicken " and like others they either " shut up " entirely or smother the truth with a lot of boloney which misleads. or like others we know. succumb. to Financial co-ercion , or more subtly are got at by Governmental pressure, are attacked by decoys who pander to some private personal weakness they have. and which they wouldn't like made known . and finally. the most dangerous and diabolically deceiving of all. they fall victim to their ego, and without knowing it. although in full possession of the knowledge of their enemy and his powers. fall into a trap which they have no suspicion of. and become unwittingly a tool of the very thing they are fighting against .

Lest our readers think this is all very highly fantastic. and alarming we would bid them study the lives and deaths of many politicians and also contemporary history of international politics etc.

Finally a special word to leaders. dont be fooled by the fact that at present the H.Q. is in Switzerland. they have their main offices too in all great countries of note. but also remember that the main H.Q. does not have to stay in that country . but will very soon have its H.Q. ( Its being built now) in a place you least expect . and will come a shock to those in the know when they find out. as it did to the Editor.

Well I guess my readers will think the Editor is over the bend. He would be and could have been long ago. if it were not for the PROTECTION he has had from the powers which are above all principalities powers and forms of darkness. May you too find your protection there in the days to come.

The ABC of Protection is in the good old book. known as the Bible, and to others as the Sacred Volume. Dont depend on revelations of any man as to what we are up against. Study for yourself. stop daydreaming. get down to facts. and more essential still find how to protect yourself before you do. The whole world is in the stages of a final great drama unfolding itself in which kingdoms , thrones. governments. powers. terrestrial and celestial are now drawing up for the final great conflict. and despite what some idols tell you. Deliverance will ~~comand~~ come only come from Divine intervention. For this purpose the U.F.O are here. to help us SAVE OURSELVES. and to Save those who heed the warnings given. and PREPARE for it. When we truly repent Nationally ( each nation for itself ) then we will set in operation a Cosmic or Divine Law which will be the means of our brothers from space being able to assist us. Yes we save ourselves. but assisted by intervention from space because there will be forces at work which will be beyond man to control. ( he will have lost control of the forces he has put into operation ) and thus whilst we have to do all in our OWN power to save ourselves from the holocaust . there will be certain things beyond our powers that the brothers from space will have to handle for us.

If you would know how deliverance will come and your part to play in it. read the biblical stories of all the great deliverances of God's people especially the Exodus of the Children of Israel ( the true Israel ) and you will see how deliverance can and will come to a people oppressed and ruled by tyrants. They were very common people . slaves, without much power to deliver themselves but. a way was made for them to be delivered.

U.F.O. REPORTED BY SCIENTISTS AT ANTARTICA.

VIA RADIO AND T.V. NEWS AUCKLAND. 10/7/62.

The radio and T.V. News channels carried a news report of a U.F.O. over Antartica , and it was also reported in detail over T.V. The sighting was made and photographed in colour by Dr. Hellard and seven other members of his party . The U.F.O was described as a shining light, circular in shape which took one minute to pass from South to North East in the sky and appeared to be about the size of the index finger viewed at arms length .

The significant feathure of this sighting by a recognised scientist, is that it appeared almost immediately after the U.S. Atomic device was exploded at Johnson Island into the upper atmosphere, and that it was heading in a compass bearing directly to the scene of the explosion .

The spectacular aurora resulting from this nuclear explosion was clearly visible in the North East sky here in Auckland , and from distant Southern points in New Zealand .

On the basis of this U.F.O . report it would seem to indicate that the space brethren have a base in Antartica and further Dr Hellard described the U.F.O as completely alien in design and performance to any known phenomena relative to this earth .

Of course a local astronomer who writes articles for local newspapers and who is anti. U.F.O. said it was only a Soviet satellite orbiting the earth. ( Of course he would know much better than his fellow scientists and workers who were on the spot and took the photographs which would prove his theory false. also he appears to have the audacity to say that this on the spot scientist , did not know what he was talking about . Editor )

We thank our good friend "Alamar " for this report and the following one which he sent post haste to us for inclusion .

PERSONAL SIGHTING BY "ALAMAR " AND OTHERS SAME DAY.. .

" ALAMAR " says . I also sighted a rapidly moving white light from South to North West along the crest of the Waitakere Ranges , at 7.10. a.m. yesterday It appeared low on the horizon and shone with a steady white glow.

.....  
MYSTERY FLARE LIGHT SIGHTED. .... THOUGHT TO BE METEORITE.

From Adel. News 3/7/ 62 and Advertiser . 4/7/62.

Police are investigating the sighitng of a mystery signal falre off the coast near St. Kilda Beach . The flare was seen by policemen at 1.20.a.m. today from two patrol cars. They said the flare exploded in the sky over the sea about three miles north of St. Kilda. It shot about 150 ft. into the air In quiries last night revealed no sign of boats in the area.

Patrols are checking to determine the origin of the flare.

THOUGHT TO BE A METEORITE. Amateur astronomers at Woomera believe that a loud explosion followed by a prolonged rumble which woke many residents at 1.20 a.m. ( Note same time as above Ed. ) today was caused by a meteorite entering the earth's atmosphere. Early estimates are that the meteorite

" PANORAMA ", PAGE. 20

may have landed in the vicinity of Lake Richardson on Artoona station, about 10 miles north of Woomera village. The noise was accompanied by a flash which lit up the northern sky and a meteor-like trail also appeared.

U.S.A. BOMB. CAUSES AURORA IN NEW ZEALAND.

\*\*\*\*\*

NEW ZEALAND HERALD: July 19<sup>th</sup> 1962 . (Courtesy Dan. Saunders )

AURORA LIGHTS .N.Z. SKY. U.S.BOMB EFFECT. OF NUCLEAR EXPLOSION 4000 miles away . A deep red "aurora" striped with jets of white light swept in a broad band over the N.Z. sky just after 9.p.m. last night. seconds after the U.S. task force exploded a high altitude bomb. of " ,egaton-plus " power over Johnston Island 4000 miles to the North .

Watchers saw the " aurora " start as an intense glow above the northern horizon . It spread rapidly across the clear. starlit sky to the southern horizon. Then the luminous band widened , and quivering shafts of light could be seen within it. The waters of the Waitemata Harbour were described by a telegraph boy as being " red as blood. " What was it " he said awestruck.

SCIENTISTS AMAZED. N.Z. Scientists , who had doubted whether the artificial aurora would ever be seen in N.Z. , were amazed at its intensity . .

" I would never have expected it. " said Dr.E.I. Robertson . Dirctr. of Geophysics Div. Dept Science and Indust. Resch . " But there's no doubt it was produced by the bomb, The aurora was very similar to that seen in Samoa in 1958, when similar tests were carried out. " The sight was reported from all points over N.Z. and as far away as Central Otaga. Instruments were set right off scale . Scientists said the strength of the explosion far exceeded their expectations. Some could see a pink glow for three quarters of an hour after said some watchers.

Radio links with Australia and many other places including Fiji were disrupted. Severe distortions were seen and heard on Radio and T.V.

Capt. T.A. Tweed reported the sight as he flew a Canadian Pacific Airline over the Tasman sea. that the whole sky was a brilliant red.

He said " You should be here , its really beautiful".

\*\*\*\*\*

Well we have another demonstration and proof that man does not know how far and to what extent his playthings are effecting humanity and the earth here is a frank and open admission by scientists that it was above their calculation and THEY ARE SUPPOSED TO KNOW. IF THEY CANT TELL THE EXTENT OF THE EFFECTS OF ALL THIS THEN WHO CAN? WHO ARE WE TOO RELY ON TO ESTIMATE THE DANGERS AHEAD. OF US ? AND THE RESULTS ULTIMATELY TO BE REAPED BY THIS DAMNING INTRUSION ON HUMAN RIGHTS. ? WHAT HAS HAPPENED TO THE " BILL OF RIGHTS" THE YANKEES BRAG SO MUCH ABOUT ? . HAVE NOT THE OTHER GREAT AND SMALLER NATIONS A RIGHT TO DEMAND THEY STOP ALL THIS TESTING AND TOYING WITH NATURES NUCLEUS. ????. WE RECALL THE WORDS OF A GREAT MAN.

"TO KNOW WHAT GOD KNOWS : AND NOT TO BE  
WHAT GOD IS . IS THE MOST DANGEROUS THING  
IN THE WORLD".

GOD'S ADAM . NOW WEAPONS IN THE FALLIBLE HANDS OF MEN & WHO SEE  
DARKLY. LET US PRAY.
